## How We Work With Schools

We work individually with each institution to provide instructors, craft curricula, design programs and much more. Our partner schools come to us for language arts instruction needs that fall outside of the school's in-house offerings. Some examples are:

- Fulfilling requests for specialized programs in less-commonly taught languages.
- Providing individual or small-group instruction for advanced levels.
- Launching programs to introduce and test out a new language.

## Our Partners

ABC is a trusted school partner of:

- Dwight School
- British International School
- Brooklyn Friends School
- EF Academy
- Whitby School
- and many more

## About Us

ABC was founded in 1998 by Elizabeth Zackheim and Rachel Meyer, two polyglots with a passion for languages. Today, ABC is one of the nation's leading independent language schools instructing thousands of learners of all ages in 20+ languages.

From its inception, ABC has been committed to providing quality language education. Our staff is a dedicated group of multi-lingual educators. Our hand-selected, professional teachers bring years of experience to the classroom.

Our combined expertise and learner-centric approach is the key to our students' success and the reason so many educational institutes choose ABC as their partner.
